NOTE: The designs in Pack 12221 Needle Painted Florals have been crafted to create the look of antique hand embroidery stitches, and to that end, some of the stitches are fairly long. Machines with an automatic trimming function may need to have this function disabled when these designs are stitched, as otherwise the machine may read the long stitches as jumps and attempt to trim them away. Please consult your machine's owners manual and, as always, we recommend that a test sew out be done on a fabric similar to what will be used on your final project.

Listings below indicate color sample, stitching order and suggested thread color number, Yenmet or YLI Variegated threads.
