General Instructions

The greeting card instructions included in the collection are general instructions for all the greeting card designs. For demonstration purposes, a sample design that best demonstrates the technique is shown. Fabric and thread requirements will vary by design, consult the templates at the end of the instructions for specific size requirements. The sample design is 12959-01.

Note: Some thread colors in instructions have been changed or digitally enhanced for better visibility.

Step 1

- Print the mirrored version of the templates (at 100% scale or 1:1 ratio) onto the paper side of Applique Fuse and Fix.
- Cut approximately 1/4" 1/2" outside the printed applique templates.

Step 2

- Cut the applique fabric 1/4"-1/2" larger than the applique templates.
- Fuse the trimmed templates to the back of the applique fabric with the paper side of the printed template up.
- Hold the iron on the template for 10-15 seconds for a secure fuse.

Step 3

- Trim the applique fabric on the edge of the black outline.
- Set aside.

Step 4

 Hoop one layer of StabilStick TearAway paper (shiny) side up.

Step 5

 Score and remove the paper to reveal the adhesive surface.

Step 6

- · Load selected design into the machine.
- Example design is 12959-01.
- Thread the machine per the thread chart.
- Place the hoop on the machine.
- Stitch Machine Step 1, Card Placement Guide.

Step 7

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place the hoop on a flat surface.
- Place the front of the card face up within the placement stitch, lining up all edges.
- Gently finger press the card to secure to the adhesive surface.

Step 8

- Return the hoop to the machine.
- Stitch Machine Step 2, Fabric Placement Stitch.

Step 9

- Remove the hoop from the machine, but NOT the project from the hoop.
- Place the hoop on a flat surface.
- On the back of the applique fabric, score and remove the paper backing to reveal the adhesive surface.
- Place the applique fabric within the placement stitching.
- Finger press to secure.
 Note: Applique Fuse and Fix is repositionable.

Step 10

- Return the hoop to the machine.
- Stitch Machine Step 3, Fabric Tackdown.

Step 11

• Return the hoop to the machine and stitch the remaining steps per the thread chart.

Step 12

- When the design is complete, remove the project from the hoop.
- Place the card face down and fold the stabilizer towards the card. Carefully cut the stabilizer away, close to the stitching.

Note: Cutting away the excess tearaway stabilizer will prevent creasing and bending the cardstock.

ASSEMBLY

Step 13

- Cut coordinating cardstock paper (or scrapbook paper) slightly smaller than the front of the card.
- Cut a piece of Fuse and Seal to fit.
- Following the package instructions, with a medium-warm iron, press the Fuse and Seal to the wrong side of the cardstock (scrapbook paper).
- Let cool.

Step 14

Remove paper from Fuse and Seal, line up cardstock (scrapbook paper) over the backside of the card, and press to fuse.

ASSEMBLY

Step 15

The card is complete. Enjoy!
