Supplies
• Embroidery thread
• Embroidery machine
• Heavy weight tear-away stabilizer
• Temporary spray adhesive
• Scissors
• Felt
• Cookie/lollypop sticks (wood or paper) (for designs 12470-10 and 12470-11)
• Buttons (for designs 12470-17, 12470-18, and 12470-20)

Instructions for Coasters and Tags
(Designs 12470-01 through 12470-09, and 12470-12 through 12470-15)
1. Hoop one layer of heavy weight tear-away stabilizer.
2. Attach hoop to your machine.
3. Stitch only the first color directly onto your stabilizer, this is referred to on the thread chart as Placement Stitch. (Photo 1)
4. Remove the hoop from the machine, but do not remove the stabilizer from the hoop.
5. Lightly spray the wrong side of one felt rectangle with temporary spray adhesive, and adhere to the hooped stabilizer, making sure to cover the Placement Stitch by at least $\frac{1}{8}$" on all sides. (Photo 2)
6. Return the hoop to the machine and stitch the next color. This color is called Basting Stitch/Cut Line. Sew this in a thread color that contrasts with your fabric, as it will be cut away at the end of the design and needs to be visible for easier cutting.
7. Continue stitching the design, stopping before stitching the final color change, referred to on the thread chart as the Seam & Border.
8. Remove the hoop from the machine, but do not remove the stabilizer from the hoop.
9. Carefully turn hoop over to the wrong side.
10. Lightly spray the wrong side of one felt rectangle with temporary spray adhesive.
11. Adhere this rectangle onto the backside of your stabilizer, being sure to completely cover the Placement Stitch by at least $\frac{1}{8}$" on all sides. (Photo 3)
12. Return hoop to the machine and stitch the final color change; this is called Seam & Border. **HINT:** To keep the seam stitch looking nice on the backside of your project, use the same thread in the bobbin as was used for the top thread for this color change.
13. Remove the hoop from the machine and the stabilizer from the hoop.
14. Carefully cut the felt along the Basting Stitch/Cut Line. (Photo 4)
15. For all tag designs (12470-03 - 12470-09 and 12470-12 - 12470-15) use an eyelet punch or sharp scissors to make a hole to hang the tag by the inside stitched circle. (Photo 5)
Instructions for Cupcake Sticks
(Designs 12470-10 and 12470-11)
1. Refer to Instructions for Coasters and Tags, follow steps 1-14.
2. Insert one cookie/lollypop stick (wood or paper) in the hole left in the Seam & Border.
3. Insert in the top of a cupcake.

Instructions for Napkin Rings and Utensil Holder 2
(Designs 12470-17, 12470-18, and 12470-20)
1. Refer to Instructions for Coasters and Tags, follow steps 1-6.
2. Continue stitching the design, stopping before stitching the next-to-last color change, referred to on the thread chart as the Seam & Border.
3. Refer to Instructions for Coasters and Tags, follow steps 8-14.
4. Use sharp scissors or a craft knife to cut a slit for the buttonhole. (Photo 7)
5. Hand stitch a button over the X. (This stitch is called Button Placement on your thread chart.)
6. Loop your design around a napkin or your favorite set of utensils with the stitching facing out. (Photo 8)

Instructions for Utensil Holder 1
(Design 12470-19)
1. Refer to Instructions for Coasters and Tags, follow steps 1-14
2. Use sharp scissors or a craft knife to cut slits directly over the stitch referred to as Utensil Cut Lines on your thread chart (Photo 9). Make sure and cut through both layers of felt and stabilizer.
3. Pull out any extra thread pieces left where you cut the Utensil Cut Lines.
