spirit songs wall hanging

Supply List:

- OESD Premier Collection #879 Spirit Songs by Sybil Shane Studio
- Isacord Embroidery Thread
- Yenmet Metallic Thread
- Walking (even-feed) foot
- Piping or Zipper foot
- 1 ½ yds. background fabric
- 5 yds. lipped piping
- 1 yd. unlined piping (should match lipped piping)
- Assorted sewing notions and sewing thread to match background fabric
- Dowel rod with end caps
- Tassels
- Piece of batting 6" x 10"
- Black OESD MediumWeight Tear-Away for dark fabric / OESD Ultra Clean & Tear for light fabrics
- OESD Bobbin thread – black for dark fabric, white for light fabrics
- 101 Quilt Basting Spray Temporary Spray Adhesive

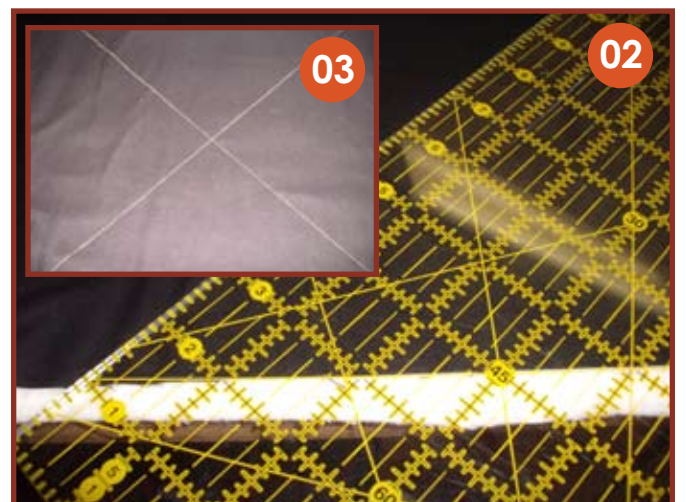

Step 1: Embroider the blocks

- Select 3 designs that go well together, adjusting size if necessary. Embroider 3 squares. Use matching fabrics to ensure the blocks will match.
- Stitch the background cover stitch for all 3 blocks with Yenmet metallic thread to ensure the blocks will match.
- After embroidery is finished, remove any excess stabilizer from outside the zigzag stitch that forms the outer border of each block.
- Trim excess fabric to 1" beyond the outer borders of the blocks. (PHOTO 1)

Step 2: Create the tabs

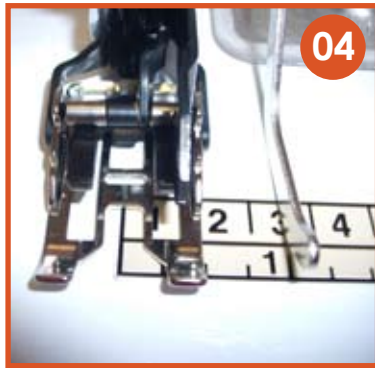

- Cut 1 piece of background fabric approximately 6" x 10".
- Spray the batting with 101 Quilt Basting Spray and apply one layer of background fabric to the top side only.
- Mark a 45 degree line on the background fabric. Repeat in the other direction. (PHOTO 2 and PHOTO 3)

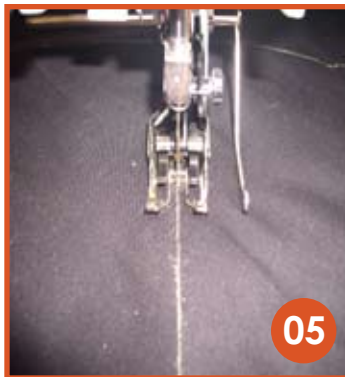

spirit songs

by Sybil Shane Studio

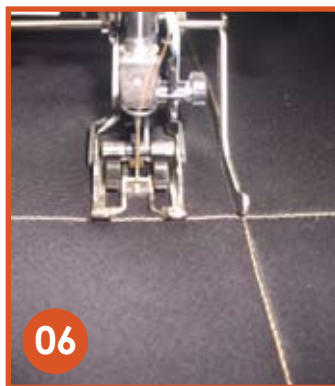

- Most walking feet have a quilting bar attachment. Place the quilting bar attachment on your walking foot. Measure and place 1 inch from the center of the foot. **(PHOTO 4)**

- Stitch along each of the lines drawn in the step above using an Isacord embroidery thread of your choice. **(PHOTO 5)**

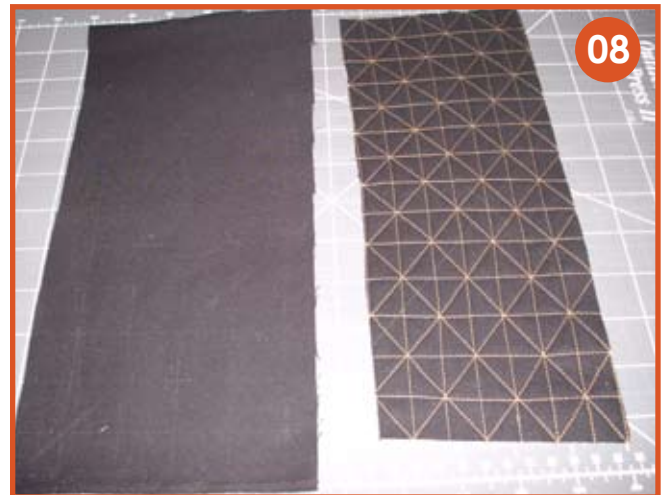

- Line the quilting bar attachment up with one of the sewn lines and stitch a straight line parallel to the first line sewn above. **(PHOTO 6)**

- Continue until you have the entire piece sewn at 1" intervals.
- The next set of lines to sew will stitch across each of the cross pieces formed in the previous step. Stitch across each line making sure to pass on the "X". **(PHOTO 7)** Repeat in the other direction.

- Cut a second piece of background fabric slightly larger than the strip created above. **(PHOTO 8)**

- Place right sides of the sewn strip and the blank strip together. Sew together along long edges using 5/8 inch seam allowance.
- Turn right sides out and press flat. **(PHOTO 9)**
- Cut 2 pieces 4" wide (across the short side) and set aside.

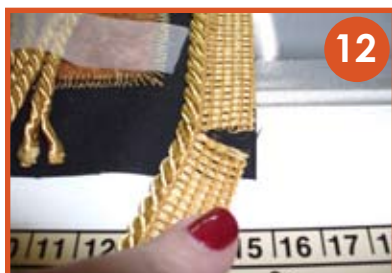

Step 3: Put it all together

- Decide the order in which your blocks will hang. For the next steps, block 1 will be the block on the top, block 2 in the center and block 3 will be the bottom block.
- Take block 1 to your work space. Cut 2 pieces of the unlippped cord 14" long. Fold in half twice. Line up the cut edge of the cord with the top edge of the fabric making sure the cord loops face the center of the block and tape in place. Place one of the tabs made in step 2 in the center of the bottom of the block with the stitching fabric facing the embroidery. Line up one raw edge with the edge of the block as shown in **PHOTO 10**. Pin in place near the end that is facing the center of the block.
- Place the lipped cord with one end approximately 2 inches from the center bottom of the block and under the tab of block 1. Line up the edge of the lipped cord with the raw edge of the block. Stitch as close as possible to the cord. For best results, use a zipper foot or piping foot. You will need to move your needle position to accommodate this process (**PHOTO 11**). Sew to approximately 1 inch from the corner. Stop with your needle in the needle down position.

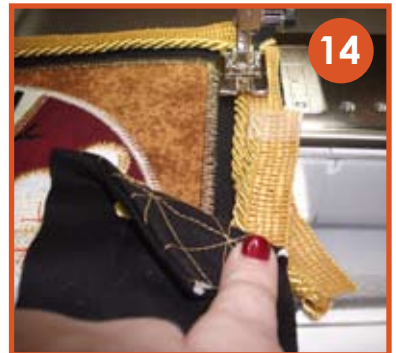

- Cut a slit in the lipped part of the cord approximately 1/2 inch from the corner. (**PHOTO 12**).

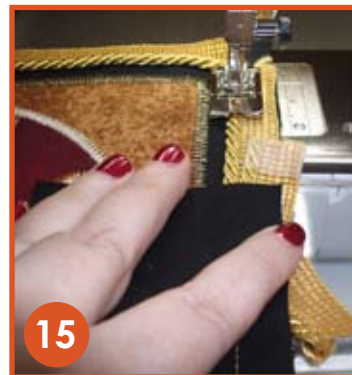

- Continue stitching to this slit. With the needle in the needle down position, lift your presser foot and turn the block. Continue sewing around the entire block making sure that the tab and the unlippped piping is on top of the lipped cording (**PHOTO 13**)

- After turning the 4th corner, stop with the needle in the fabric. Overlap the cording at the bottom center of the block (under the tab). (**PHOTO 14**).

- Hold all layers in place and continue sewing until you have completely sewn the lipped cording in place. (**PHOTO 15**)

- Repeat with block 2.
- Repeat the piping instructions with block 3. There will be no tab attachment at the bottom of this block.

- Cut 3 pieces of backing fabric approximately 2 inches larger than blocks 1, 2 and 3. Set aside.
- Place blocks 1 and 2 together. Flip the tab at the bottom of block 1 down. Line up the 2 blocks and center the tab on block 2. Place pins on block 2 marking the ends of where the tab should sit. (**PHOTO 16**).

spirit songs

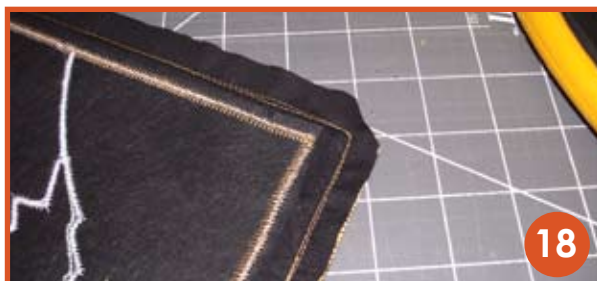

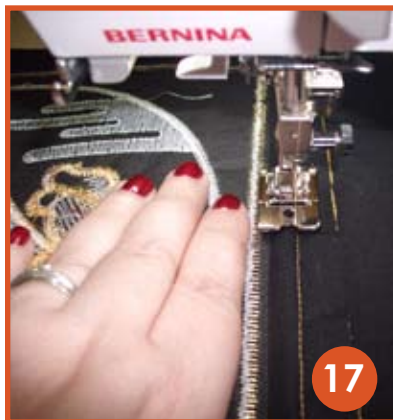

by Sybil Shane Studio

- Repeat with the tab at the bottom of block 2 and the top of block 3. **These pins will mark the starting and ending point when attaching the block backs.**
- Place the right side of block 1 with the right side of the backing fabric cut in previous step. Place the backing fabric on the bottom. Stitch together using the same needle position and foot used above to place the lipped piping in place. You can use the sewing line as a guide

(PHOTO 17).

Remember to leave a hole to turn the block through. Trim away any excess fabric and also trim the corners to eliminate bulk. **(PHOTO 18)** Turn through the opening and press. **(PHOTO 19).**

- Repeat with block 2. Remember to leave a hole between the 2 pins at the top of the block. This can be used to turn the block, and later to insert the tab from block 1.
- Repeat with block 3. There will be no tab at the bottom of this block. As with block 2, remember to leave a hole between the pins at the top of the block 3.

Finishing touches:

- Slip the tab at the bottom of block 1 into the opening at the top of block 2. Stitch using thread that matches the background fabric. There should be approximately 1 ½ inches between the blocks. **(PHOTO 20).** You will need to move the needle position so that the needle falls to the left of the lipped cord.
- Repeat to attach blocks 2 & 3.
- Stain or paint the dowel and end caps. Glue the end caps at each end of the dowel.
- Using the unlipped cording, create a hanger.
- Attach tassels and any embellishments desired.
- Hang your beautiful new piece of fabric artwork in a prominent spot.
